The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 4 of the Mysore Forest Regulation (XI of 1900), that it is proposed to constitute the area, the boundaries of which are described in the schedule below, a State Forest, under the provisions of the said Regulation:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Situation and boundaries
Kadur	Koppa and Mudgere	100 square miles, 379 acres and 25 guntas.	Thungabhadra.	*Situation.*—The extensive mountainous regions of the Western Ghats extending from the slopes of Varaha-Parvata on the west to those of Merti-Parvata on the east, the northern half of which draining into the river Tunga in the Koppa Taluk and the southern half into the river Bhadra in the Mudgere Taluk. *North.*—Starting at the southern boundary of Survey No. 46 of Mudaba village where the foot-path leading from Mudaba to South Canara crosses, the boundary line runs north-east through Survey Nos. 46 and 12 of Mudaba village for a distance of about four furlongs till it meets the southern corner of Survey No. 40; then north-east along the south side of Survey No. 40 for a

distance of about one furlong and a quarter; then turns north-west and along the eastern side of Survey No. 40 for a distance of about eight furlongs, then runs north through Survey Nos. 12 and 11 for a distance of about four furlongs till it meets the south-east corner of Survey No. 15; then turns north-east through Survey No. 11 for a distance of about half a furlong; then runs east through the same number for a distance of about two furlongs; then north-east through the last named number for a distance of about two furlongs and a quarter till it meets the south-west corner of Survey No. 12 of Kere village; then north-east along the south-east sides of Survey Nos. 12 and 67 of the last named village; then north-east through Survey No. 11 for a distance of about half a furlong; then south-east through Survey Nos. 11 and 6 for a distance of about two furlongs and a half till it meets the southern corner of Survey No. 1; then north-east through Survey No. 6 till it meets the south-east corner of Survey No. 8 of the same village; then north along the east side of the last named number for a distance of a furlong till it meets the tributary of the river Tunga; then follows the right side of the tributary till it meets the western boundary of Survey No. 10 of Gulganjimane village; then turns south-east and runs through Survey No. 10 for a distance of about four furlongs and a quarter till it meets the river Tunga; then crosses the river Tunga and runs north-east for a distance of about three furlongs through Survey Nos. 10 and 11 till it meets a nulla; then runs west along the nulla till it meets the river Tunga; then turns north and runs through Survey No. 11 till it meets the south-east corner of Survey No. 33; then goes north along the east sides of Survey Nos. 33 and 3 of the last named village till it meets the river Tunga; then the line follows the right bank of the river Tunga till it meets the north-western corner of Survey No. 33 of Sunkadamakki; then turns south and runs along the west side of Survey No. 33; then runs south for a distance of four furlongs through Survey No. 56; then turns south-east and runs for a distance of about five furlongs through the same number till it touches the south side of Survey No. 52; then north-east for a distance of about one furlong through Survey No. 56; then passes north through the same number for a distance of about two furlongs till it touches the eastern corner of Survey No. 51 of the last named village; then runs north through the same Survey No. 56 for a distance of about one furlong till it touches the south-west boundary of Nemmar coffee estate; then goes north-west along the east side of Survey No. 53 of Sunkadamakki (or west of the coffee estate) till it meets the river Tunga; then follows the right bank of the river Tunga till it meets the north-western corner of Nemmar village; then turns south-east and runs along the west side of Nemmar village; then runs south-east through Survey No. 1 of Nemmar coffee estate for a distance of about three furlongs and a half till it touches the Nemmar estate bungalow; then runs south through Survey No. 1 of Nemmar estate for a distance of about two furlongs till it meets the northern boundary of Survey No. 71 of Harur; then turns south-east and runs through Survey No. 71 of the same village for a distance of about six furlongs till it meets the nulla at the southern boundary of the same number; then goes south following the left side of the above nulla till it meets the north-west corner of Survey No. 73 of Malanad village; then runs south-east along the south-west side of Survey No. 73; then runs east crossing the same nulla; then runs east along the south side of Survey No. 71, then turns south-east and goes for a distance of about five furlongs through Survey No. 70; then goes east for a distance of about two furlongs through the same number till it reaches the south-west corner of Survey No. 99; then goes east crossing a nulla; then runs north-east along the right side of the nulla till the latter meets another nulla at a distance of about four furlongs and a half; then east along the left side of the second nulla; then goes east crossing the nulla; then runs north-east through Survey Nos. 70 and 57 for a distance of about one furlong till it meets the south-west corner of Survey No. 97; then runs east along the south side of Survey No. 97; then north-east along the south-east side of Survey No. 96; then runs east through Survey No. 57 for a distance of about five furlongs and a half till it meets the foot-path leading from Malanad to Heralanai; then the line turns south-east along the same foot-path through Survey No. 57 of the last named village for a distance of about five furlongs till it meets the south-west corner of Survey No. 52 of Heralanai village.

East.—From the last named point the line passes south-east along the south-west side of Survey No. 52 and west side of Survey No. 51 of Heralanai; then turns south and runs through Survey No. 50 for a distance of about three furlongs till it meets the north-west corner of Survey No. 39; then runs south through Survey No. 50 till it meets the western-most corner of Survey No. 41; then south-east through Survey Nos. 42 and 1 till it meets the southern corner of Survey No. 80; then it runs east along the south sides of Survey Nos. 1, 84, 85, 86 of the last named village, Survey Nos. 40 and 41 of Megur village and again Survey No. 1 of Heralanai village till it touches the south-west corner of Survey No. 39 of Megur; then it turns south-east and runs along the south-west side of Survey No. 24 of the latter village till it meets the north-western corner of Survey No. 13 of Kallagundi; then runs south-east through Survey Nos. 13 and 31 of the last named village for a distance of about six furlongs till it meets the foot-path leading from Sringeri to Hornad; then turns south and runs along the aforesaid path through Survey No. 31 for a distance of about six furlongs; then turns south-east through Survey No. 31 for a distance of about four furlongs and a half till it meets the south-western corner of Survey No. 63 of Kallagundi village; then goes east along the south sides of Survey Nos. 63 and 31 till it meets the south-west side of Survey No. 65; then turns south-east through Survey No. 69 till it meets the southern-most corner of Survey No. 68 in a straight line; then runs south-east through Survey No. 76 of the last named village till it meets the south-western

corner of Survey No. 17 of Attikodagi village; then turns and runs westward along the northern boundary of Survey Nos. 64 and 48 of Hornad village till it meets the north-western corner of Survey No. 48; then turns and goes south-west along the north-west side of Survey No. 48 of Hornad for a distance of about three furlongs and a quarter; then runs south along the west side of Survey No. 48 of the same village for a distance of about five furlongs and a half till it meets the two bondhs at an angle; then runs south-west through Survey No. 792 of hamlet Balagi to Mavinakere village for a distance of about four furlongs and a half till it meets the northern corner of Survey No. 791 of the same hamlet; then turns and goes south-east along the west sides of Survey Nos. 791, 786 and 784 for a distance of about three furlongs till it meets the south-west corner of Survey No. 784 of the same hamlet; then goes south through Survey No. 774 for a distance of about four furlongs till it meets the south-west corner of Survey No. 778 of the same hamlet; then goes east crossing the nulla through Survey No. 774 of the same hamlet for a distance of about six furlongs till it meets the south-western corner of Survey No. 48 of Hornad; then runs south-east along the south-west side of Survey No. 48 till it meets the south-west corner of Survey No. 50; then south-east along the south-west side of Survey No. 50 till it meets the western boundary of Survey No. 49; then south-east along the west side of Survey No. 49; then continues south-east along the west side of Survey No. 136 of the last named village till it meets the southern-most point of northern boundary of Survey No 426 of Mavinakere village.

South.—Then south-west for a distance of about ten furlongs through Survey No. 426 of Mavinakere crossing two nullas till it meets the western side of the same survey number; then runs south-west for a distance of about four furlongs and a half through Survey No. 54 of Kalakodu till it meets the north-east corner of Survey No. 46 of the same village; then turns north-west and goes through Survey No. 42 for a distance of about three furlongs till it meets the north-east corner of Survey No. 43 of the same village; then south-west and goes along the north-west side of Survey No. 43 and then crosses the nulla in the same direction; then north-west and goes along the north-east side of Survey No. 12 of the same village; then north-west along the north-east side of Survey No. 32 for a distance of about one-fourth of a furlong; then south-west along the north-west side of the same number for a distance of about half a furlong; then north-west and runs along the north-east sides of Survey Nos. 58 and 32; then south-west along the north-east sides of Survey Nos. 59 and 32 of the same village; then south-west along the north-west side of Survey No. 32; then south-east and goes through Survey Nos. 60, 30, 31, 30, 29 and 30 of the same village for a distance of about two miles till it meets the river Bhadra; then west along the left bank of the river Bhadra till it meets the south-eastern side of Survey No. 102 of Samsai village; then north-west for a distance of about two furlongs and a quarter through Survey No. 98 till it touches the north-eastern corner of Survey No. 100; then north-west through Survey No 98 till it meets the northern corner of Survey No. 99; then south-west along the north-west side of the same survey number; then south through Survey No. 98 till it touches the northern corner of Survey No. 97; then south-west along the west side of Survey No. 97 till it meets the river Bhadra; then north-west along the left bank of the river till it meets the south-eastern corner of Survey No. 59; then north-west and goes through Survey No. 59 for a distance of about four furlongs and a half till it meets the north-eastern corner of Survey No. 60; then north-west and north through Survey No. 59 for a distance of about one mile till it meets the north-eastern corner of Survey No. 50; then north-west along the south side of the nulla for a distance of about two furlongs till it meets the eastern corner of Survey No. 47; then south and west and goes through Survey No. 47 for a distance of about two furlongs and a half till it meets the north-west corner of Survey No. 74; then south-east along the west side of Survey No. 74 till it meets the north-east corner of Survey No. 77; then south-west through Survey No. 77 for a distance of about one mile till it meets near a nulla the foot-path leading from Kalasa to South Canara; then west and goes along the same foot-path for a distance of about six furlongs till it meets another nulla at the left bank of the river Bhadra; then west along the left bank of the same river and through Survey No. 33 till it meets the northern boundary of the last named number at the trijunction of Survey Nos. 37, 40 and 33; then goes south and north-west along the Bhadra river till it meets the foot-path leading from Kalasa to South Canara District; then crosses the river and runs along the foot-path in south-west direction till it meets the South Canara boundary.

West.—Thence along the South Canara District boundary till it meets the starting point.

2. The Government of His Highness the Maharaja of Mysore are further pleased, under clause (c) of the said section, to appoint Mr. M. Shama Rao, M.A., Registrar of Co-operative Societies to be the Forest Settlement Officer, who shall inquire into and determine the existence, nature and extent of any rights claimed by, or alleged to exist in favour of, any person in or over land comprised within such limits, or to any forest produce of such land, and to deal with the same as provided in Chapter II of the said Regulation, and the District Forest Officer of the Kadur District, for the time being, to attend on behalf of Government to assist the Forest Settlement Officer in the enquiry.

3. The Government of His Highness the Maharaja of Mysore are further pleased under the authority vested in them by Section 15 of the said Regulation, to appoint the Deputy Commissioner of the Kadur District, for the time being, to be the officer of the Revenue Department who shall hear appeals, from the orders of the Forest Settlement Officer under Sections 10, 11, 12, 13 or 14 of the Regulation.

No. R. 9476—L. R. 516-06-3, dated 23rd April 1907.
